CAREER OBJECTIVE Aspiring tech entrepreneur and full-stack developer pursuing B.Tech in CSE (AI). Eager to apply AI/ML and web development skills in innovative projects, contribute to impactful solutions, and build a startup that creates value, jobs, and drives positive societal change.

EDUCATION

B.Tech, 2024 - 2028
KIET Group Of Institutions

TRAININGS / CERTIFICATIONS

Artificial Intelligence

Feb 2025 - Mar 2025

Andrew NG, Virtual

Completed the 'AI for Everyone' course by Andrew Ng, where I learned the fundamentals of artificial intelligence, machine learning, and how they are used in different industries. Gained knowledge about AI concepts, tools, and ethical considerations.

WEB DEVELOPMENT

Feb 2025 - Present

Chai Or Code, Virtual

PROJECTS

[BinTack ↗](#)

Apr 2025

Built an AI-powered waste management platform with real-time bin tracking, AI-based image verification, blockchain-based NFT rewards, and optimized collection routes. Enabled waste monetization and carbon credit trading through a scalable, community-driven system.

Smart Parking and Charging System

Dec 2024 - Jan 2025

Made a Smart Charging and Parking system that is an IOT-Based solution that detects available parking slots in real-time and enables automatic EV charging. Using sensors, microcontrollers, and a user friendly app, it streamlines parking, support electric vehicles, and promotes efficient energy use-ideal for smart city integration.

[Recify ↗](#)

Nov 2024 - Dec 2024

Recify is an intelligent recipe recommendation and meal planning platform designed to make healthy eating easy and personalized. By analyzing user preferences, dietary goals, and nutritional needs, Recify suggests tailored recipes and meal plans. Whether you're aiming for weight loss, muscle gain, or a balanced lifestyle, Recify helps you discover meals that match your goals while making cooking enjoyable and efficient.

[Bidzy ↗](#)

Mar 2025 - Present

Bidzy is a dynamic bidding platform that connects buyers and sellers in real-time. Designed for transparency and speed, Bidzy features live and upcoming auctions, enabling users to place competitive bids with ease. Whether you're bidding on products, services, or experiences, Bidzy offers a seamless, secure, and engaging auction environment—empowering users to win more and spend smarter.

SKILLS

- HTML
 - React
 - Tailwind CSS
- JavaScript
 - MongoDB
 - C Programming
- CSS
 - Node.js

EXTRA CURRICULAR ACTIVITIES

- Launched and managed an e-commerce platform selling selected lifestyle products. Handled end-to-end customer support, digital marketing campaigns, and social media promotions to drive brand visibility and online sales.
Key Highlights:
 - Managed customer support, ensuring timely issue resolution and positive customer experience.
 - Executed online marketing strategies across Instagram and Facebook to boost engagement and conversions.
